Character Background

You can trace your bloodline back to King Torg (ALL HAIL KING TORG!). As a veteran Kobold and a relative of the Great King, it is natural for you to be the new leader.

Goals

Kobold tradition requires a new leader to compete in a contest of incredible feats. The feat you will be asked to do may test your strength, intelligence or bravery. The living clan members vote for the winner and their new leader by a show of paws.

- Rig the contest of feats in your favor
- Persuade fellow Kobolds to vote for you
- Escape the plane alive

Enemies

Fekel[#15] also wishes to be the new clan leader. You must make sure that does not happen.

Allies

Vux[#17] is in charge of organizing the contest of incredible feats. Perhaps he can be bribed.

Berek[#19] is a chum. You've been friends for a number of years.

Special Abilities

King's Kin: You are related to King Torg (ALL HAIL KING TORG!). If you catch someone not saying "All Hail King Torg!" when they should be, they have to give you the card they lose for breaking the ALL HAIL KING TORG rule.

Veteran Kobold: You can force another Kobold to either exchange weapons with you. If they refuse they must give you a card. You may only do this once per character. This does not work on other veteran Kobolds.
