Character Background

You have made it your mission to limit the amount of beer that Bulflar[#21] drinks. In his drunken binges he tends to do some silly things. In the past you have been able to save him from his own stupidity. For example, Vor would have blasted him with a lightning bolt had he actually urinated in the Blessed Chalice that one drunken night.

Goals

You have dedicated your live to the holy priesthood of Vor, the Big Red Angry God. Vor is always watching and is known to smite his followers.

- Be faithful to Vor
- Limit the amount of Bulflar[#21] drinks
- Escape the plane alive

Enemies

Bulflar[#21] cannot understand that you are only trying to help him.

Allies

B.E.E.R[#23], the robot dog, seems to be interested in beer, too. You seem certain that a robot cannot get drunk.

Items

Holy Symbol
Blessed Chalice

Special Abilities

Beloved of Vor: You can channel the anger of Vor against the wicked by pointing out their sins to Vor. The victim must tear up 2 cards. You also have to tear up a card because getting Vor's attention is always a bad idea.

Iron Will: Your faith in Vor grants you immunity from fear and cowardice. Nobody can turn you or stare you down.

Turn Chickens: You are able to turn chicken by holding up your holy symbol to Vor. This costs one card.
